## Press Release

### ***Aperanto Suites: New arrival in Santorini and a new collaboration for Aqua Vista Hotels***

Aperanto Suites, the new hotel by Aqua Vista Hotels, is due to open for the first time in the summer of 2017 in Oia, Santorini. It is a luxurious complex with 13 suites designed according to the Cycladic architectural style, with white and blue as their dominant colours.

Having overseen every detail in the creation of Aperanto Suites, Aqua Vista Hotels has breathed life into a unit that in every way reflects its philosophy of creating hotels with a unique imprint. From the original idea to the materialization of a concept displaying the hotel's exclusive identity; the name, which refers to the gloriously endless views of the Aegean Sea; the design of the logo, which encompasses the special character of the unit; the interior and exterior décor, including the choice of materials; the cooperation with experienced and specialized manufacturers; these are just some of the areas handled by Aqua Vista Hotels as part of a multi-level collaboration with Aperanto Suites..

Commenting on the new partnership, Aqua Vista Hotels' Development Manager, Sophia Matzourani said: ***"In light of the values intrinsic to its philosophy, which is underlined by its staff's vast experience, Aqua Vista Hotels aims to create a robust hotel unit with inimitable features and a personalized hospitality service, that will offer guests the ultimate accommodation experience."***
