Above Blue

S U I T E S

The Hotel

At Imerovigli, in the highest point of the stiff cliffs, facing the volcano, are perched the eleven suites of Above Blue... Representing a new concept of sanctuary these suites of different sizes and formations have three things in common... style, sophistication and an addiction to luxury. Each suite offers to the distinctive guest breathtaking views to the Caldera, Thirassia Island, the famous volcano and the traditional village of Oia.

The Suites

The eleven suites offer breathtaking views to the Caldera, Thirassia Island, the famous volcano and the traditional village of Oia. The overlook from the suites is stunning; the eye continues its endless traveling above blue and the daylight surrenders to the twilight glow. The sun dives to the tranquil golden-blue horizon-line offering ungrudgingly breathtaking scenery. Nothing compares to the sunset from the Caldera of Santorini; probably the most romantic and definitely the most photographed sunset on earth.

The Island of Santorini

Santorini is an island that needs no introductions. On the top ten "most desired" destinations worldwide for the past ten years, almost everyone wishes to visit the island for at least one time in their lives. The only habitable caldera in the world and famous destination for weddings, honeymoons and lovers of unique views it attracts visitors literally from all parts of the world.

Imerovigli, where the suites are located, is a village located on a high cliff with amazing view of the Caldera. A stone path beginning from Imerovigli leads to the town of Fira.
