The Hotel

Aliko luxury suites are located on the most preferential point on the island of Santorini, at the highest point of the Caldera, at the picturesque village of Imerovigli. Every angle of the suites offers an extraordinary, stunning view of the volcano, the sea and the neighboring islands and evokes emotions of serenity to its guests.

The interior design and architecture is balanced between the traditional Cycladic and contemporary style.

Aliko, with its individually styled suites, appeals to those seeking an elegant and relaxing escape.

The feeling of being “on top of the world” makes visitors easily forget that they are on one of the most cosmopolitan islands in Greece.

We can say that being here you are a part of breathtaking scenery. Here you can touch your dreams.

These original houses were built more than 120 years ago and were restored during 2008. The original cave-like structures have been modified to create simple and elegant spaces, paying particular attention to convenience and detail. These snow-white accommodations blend traditional architecture with every possible modern amenity.

They are specially designed for guests who know how to appreciate quality.
