### Santorini

There is no other Island like it. In 2006 and 2007, it was voted the No. 1 European Island Destination and one of the Top 10 Islands in the World by Travel & Leisure Magazine. Santorini is the Island where nature reveals its most mystical and extraordinary secrets. It is known all over the world for its stunning sunsets and the most breathtaking views of the unfathomable blue of the Aegean Sea. The Caldera -a seven mile crater enclosed by the two arms of the crescent -serves as the harbor of Santorini and is one of its most defining features. The sunset over the Caldera is a nightly extravaganza accompanied by a festive atmosphere.
